

THE COLLECTIVE

Where the law and compassion meet.

Who we are: A group of socially conscious and public-spirited friends, who believe that access to justice is fundamental to the wellbeing of our community.

What we do: Cultivate relationships, gain exposure, increase funding for civil legal aid, and most importantly, have fun doing it!

why should I join?

As we focus on our careers – leading, growing, creating, and learning – we often find ourselves failing to collaborate to support those in need in our community.

The Collective puts the brightest leaders and future leaders together in one place to share our passion (and maybe a cocktail) with other influencers of change.

Don't wait until you retire. Today is a good day to start being the change you'd like to see in this world.

Member Benefits

- Free admission to bi-monthly happy-hour networking opportunities hosted by a community sponsor & Bay Area Legal Services. Guests enjoy a complementary adult beverage, great company, and loads of networking opportunities.
- Opportunity to sponsor a bi-monthly event, which includes logo on Facebook ads.
- Name listed on the Bay Area Legal Services website and our social media outlets. Enjoy weekly shout-outs to our philanthropic supporters.
- Invitation to “The Collective” Civil Legal Aid Linked-in and Facebook communities.
- The satisfaction that your support is helping to bring fairness and equality into the lives of foster children, disabled seniors, veterans and others in our community.

Giving makes you happy!
get your dose of happiness each and every month.

Investment:

Members contribute through Bay Area Legal Services' monthly giving program. Donating makes you happy – so get your dose of happiness each and every month!

Membership is \$21 per month. What? I can help those in need for less than a meal at Ulele? No way!

70¢ Per Day

THE COLLECTIVE

Where the law and compassion meet.

About Bay Area Legal Services Here's what you are making happen!

Bay Area Legal Services is a nonprofit law firm of skilled, professional attorneys whose objective is helping the most vulnerable members of our community. Our track record of legal success is enhanced by a culture of caring for the people we serve.

We protect foster kids from abuse, give veterans access to mental and physical health benefits, protect seniors from scam artists and abusive family members, and ensure domestic violence victims have the legal protections they need to flee their abusers. Our clients do not have the income to hire private attorneys. In this complicated world of legalese, we make things simple: our attorneys provide hope, support, comfort and knowledge based representation to those most in need.

Big picture- our work contributes to the economic improvement of our community by achieving monetary gains for our clients, avoiding costly actions such as foreclosures, and helping the Florida court system function more efficiently.
